Good Morning!

Terrific to know that you are in Addison. I can use some help. I will forward a copy of the talking points that I am developing. I need the best response personnel numbers that we can get for each of the three regions (6,8,9). For region 8, I want to separate out the construction crew at the mine and field response to the spill if possible. Can you do that?

FYI – we are issuing a press release in a few minutes. I will get you a copy.

David
